Capriccio pro housle a zvukovou stopu vzniklo v roce 2023.

Jedná se o příležitostnou skladbu, ve které jsem se pokusil k sobě přiřadit původní skladbu „Půlnoční capriccio“ pro sólové housle z roku 2020 a různé výňatky z mých elektroakustických skladeb, které vznikly v letech 1968 (Studie I) a 1988 (Obrazy noci – jednotlivé elektroakustické kompozice k sekvencím videoartu Petra Skaly). Ze Studie I bylo použito posledních 39 vteřin a z Obrazů noci byly použity výňatky částí 6-Křehkost svobody, 11-Supernova, 17-Mlhovina a 19-Postavy v nás.

Capriccio for violin and soundtrack was created in 2023.

This is an occasional composition in which I tried to match the original composition "Midnight Capriccio" for solo violin from 2020 and various excerpts from my electro-acoustic compositions created in 1968 (Study I) and 1988 (Images of the Night - Single electroacoustic compositions for the sequences of Petr Skala's video art). The last 39 seconds were used from Study I, and excerpts from parts 6-Fragility of Freedom, 11-Supernova, 17-Nebula and 19-Figures in Us were used from Images of the Night.

Durata 5'16"

Capriccio
pro housle a zvukovou stopu (2023)
